The Finance Committee has been exceedingly patient in the collection of these delinquent apportionments, but the time has now come when this money must be paid in in order that we can make settlement with the creditors. We request that each member that has any interest in our fraternity to act immediately in the gathering up and paying of these delinquent apportionments, and forward them to the Finance Committee. Now let us see whom we can report first in the columns of the EVANGELIST having sent in their apportionment.

Yours fraternally,

JOHN KEIM,
Sec. A. U. F. Com.

LaPaz, Ind.

Now I have something to say in regard to the needs of the mission. It is impossible to carry it on successfully without money and other necessities. The rent alone amounts to \$42.00 per month at the west side mission.

The mission rent in the north part of the city is \$14.00 per month, which Brother Coffman pays out of his own pocket. He has spent nearly all he has, and will have to go to work again, on the railroad. I was surprised at the self-sacrificing spirit of all the workers. If we had such zealous, self-sacrificing workers in all our churches, the Brethren church would soon number many thousand members. O, how I wished I could do more than I have done! Sisters Gibbons and Shroyer, the organist, dress very plainly and deprive themselves of many things they actually need. They love the cause of Christ, and spend their time and limited means for the love they have for perishing souls. One dear sister who was converted at the mission, and made her home in the family of brother McFaden, left on Saturday for Atchison, Kansas, where her husband has a good position in a railroad office, I think her name was Mrs. Stowell. Sad and tearful were the partings from this dear sister and many prayers were offered up to God for her safe arrival at her western home, and that the Lord may keep her faithful and convert her dear husband.

Brother McFaden's home is a model home indeed. It is a home where love dwells.

I am very sorry indeed that the dear brother has to be absent so much from his loved ones, in order to collect money for the mission. I am well satisfied if the mission was properly supported, there would now be more than a hundred members. When he is away there is a lack of interest in attendance. He labors earnestly and zealously, and makes great sacrifices for the cause. Not much more than half what was subscribed at the General Conference at Warsaw has been paid in. Can any one be a Christian and fail to meet his obligations, if it is in his power so to do? Brethren, pay up and the Lord will reward you. Read Prov. 3: 6, 10. Can we not all make some sacrifices, and do without some things we do not really need? Can not our sisters get along without feathers on their hat, and other costly trimmings, and give the money these cost to the Lord? Please, sisters, try it. Can not brethren who use "the weed" get along without for the sake of Christ, or at least a less quantity, and give the money to the Lord?

The Chicago mission ought to have a thousand dollars right now.

Can not some of our sisters spare some comforts, quilts, sheets, pillows, etc., also second handclothing? Of course new will not be refused. Even if the clothing is somewhat worn and faded, some of the poor will be made glad to get it, and it will be thankfully received. Can not some of the sisters spare some cans of fruit, rolls of

butter, apple butter, jellies, eggs, meat, lard, and other things too numerous to mention? There are some very poor people there, who need help. Care for their bodies and you will win their souls. How many of our people who have chickens could set apart a hen, and give the produce of that hen to the Chicago mission, and thus help the good cause along. Or give the eggs laid on Sunday for the spread of the gospel? Brethren and sisters, wake up, be aroused from your lethargy, and the Brethren church will prosper as never before. I shall do all I can in this part of God's moral vineyard to arouse the people to action. Let us all pray that God may greatly bless all our missions, not only at Chicago, but Washington city, Dayton, etc.

Yours for Christ and the church.

JACOB ROTHENBERGER.

P. S.—If the brethren and sisters have such things to give as are mentioned above, please ship in barrels. I am told it is the best way.

Roann, Ind.

The third quarterly Union Meeting, of the Cass, Miami and Wabash county association was held in Roann, Oct. 30, 1897.

The sunrise prayer meeting on the Sabbath morning was well attended and all seemed better prepared for the services to follow. At 9 A. M. an enthusiastic devotional and praise meeting was led by Brother Fox, of North Manchester. The Sabbath School held an interesting session after which Brother Fox delivered an excellent discourse on "prayer."

The afternoon was spent in the discussion of three well prepared papers read by sister Laura Greer, brother L. W. Ditch and brother Edgar Thomas.

The last one, a temperance topic, called forth several short talks. Our chairman, brother P. T. Fisher closed the discussion with a very earnest appeal to the pastors that they should vote as they preach.

At 6 o'clock brother L. S. Bauman opened the K. C. consecration meeting. There are between twenty and thirty active members in the Roann K. C. of C. E. and some good work is being done.

The day's service was concluded with a helpful sermon by brother L. S. Bauman who is pastor at this place.

The attendance was large, the program was enjoyable throughout and surely for every one it was "good to be there."

Communion services were held on Monday evening. Although the rain detained several from attending, those present enjoyed "showers of blessing" within as well as without.

Brother Bauman will begin a series of meetings at this place Nov. 15. We ask an interest in your prayers that the hearts of many may turn to the light.

Yours in the cause of Christ.

MRS. FLORENCE V. B. MULL.

Nov. 3 1897.
